

## Sharpdesk® Mobile (iOS® & Android™)

### Print. Scan. Share.

*Embrace Bring Your Own Device (BYOD) with Secure and Productive Mobile Scanning and Printing*

Sharpdesk Mobile is a powerful, cutting edge mobile printing and scanning application that allows users to connect to supported Sharp MFPs via a wireless network from their iPhone®, iPad®, Android device or Windows®\* device for hassle-free printing, simplified scanning and seamless sharing with other applications.

#### Hassle-free Printing

Connect to a Wi-Fi network, select a document, web page or E-mail preview and print directly to a supported Sharp MFP from your iPhone, iPad or Android device.

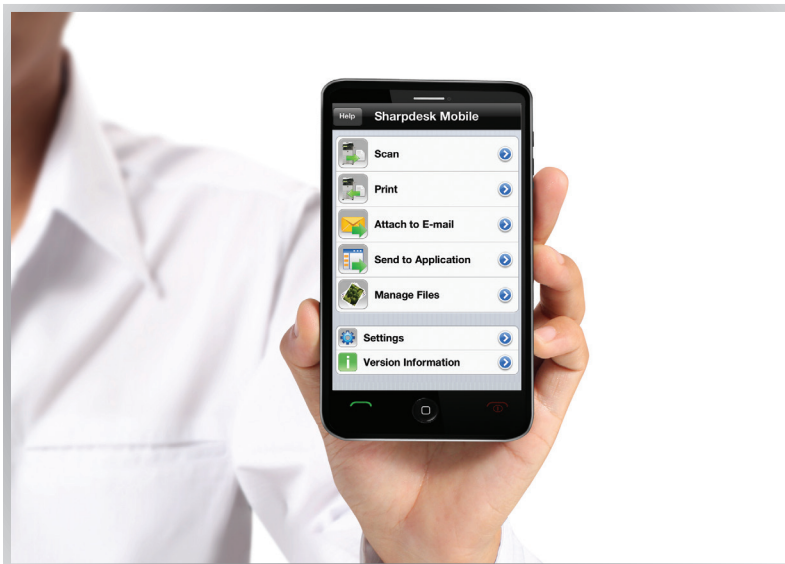

#### Simplified Scanning

Hard-copy documents can be scanned to PDF from a Sharp MFP and easily accessed on your iPhone, iPad or Android device. Scanned documents can easily be managed in the Sharpdesk Mobile application or sent to other applications.

#### Seamless Collaboration with Other Applications

Sharpdesk Mobile allows seamless file sharing with other applications. Users can attach scanned files to E-mail, share documents with other applications or print from other applications.

\* Please refer to Sharpdesk Mobile Windows data sheet for more details.

### At-A-Glance

#### Print

- Conveniently print PDF, JPEG & TIFF files from your iPhone, iPad or Android device
- Print files from other applications
- Easily print E-mails and web pages from your mobile device

#### Scan & Share

- Scan and save files from a supported MFP to your mobile device
- Quickly E-mail scanned files from your mobile device
- Share scanned files with other applications

#### Security & Setup

- Available at no cost on the Apple App Store<sup>SM</sup> or Google Play<sup>TM</sup>
- Automatically discover and connect to a supported Sharp MFP
- Manually add a supported Sharp MFP
- No driver installations
- User authentication for improved security
