

LC-90LE657U

- 4 million : 1 dynamic contrast ratio
- 120Hz refresh rate
- SmartCentral[™] provides unlimited content choices, seamless control, and instant connectivity
- Slim design, super-thin bezel
- Powerful 20W audio

PICTURE QUALITY 120Hz Refresh Rate and 4 Million : 1 dynamic contrast ratio

BIGGER. BETTER.

SMART SmartCentral[™] provides unlimited content choices, seamless control, and instant connectivity

SIZE 44% more screen area than a 75" class (diagonal)¹

DESIGN Slim design, black finish

Brilliant color. Crystal clear picture. Captivating detail. And that's just part of the bigger picture. AQUOS Full HD isn't just available in 60", 70" and 80" class (diagonal); it also comes in a massive 90" diagonal—the only 90" in the marketplace—all in breathtaking 1080p display. The LC-90LE657U is an LED Smart TV that delivers legendary AQUOS picture quality with a 120Hz refresh rate and an 8 million : 1 dynamic contrast ratio for precision clarity during fast-motion scenes.

Sharp's intuitive SmartCentral[™] lets you quickly connect to your favorite content. Working through built-in Wi-Fi, you can instantly access apps, streaming movies, music, games, and websites. Dual-core processing means faster load times for apps and the web browser, so you spend less time waiting and more time enjoying. And with instant access to movies with Netflix[®], to videos with YouTube[®], music with Pandora[®] and Rhapsody[®], social sites like Facebook and Twitter, and the best of gaming – what you love is only a click away. Web browsing on your Sharp television completes the incredible experience; big, beautiful, super-fast, and built-in, you can now visit all your favorite sites in a window larger than life.

MODEL FEATURES

PICTURE QUALITY

AQUOS HD

AQUOS HD isn't just available in 60", 70" (69.5" diag.) and 80" screen size classes; it also comes in a massive 90" class (diag.) - the only 90" class in the marketplace - all in breathtaking Full HD 1080p display. Bigger gets better as AQUOS HD also gives you unlimited content choices, seamless control, and instant connectivity through the SmartCentral platform making it like nothing you - or anyone else has ever seen before.

120Hz REFRESH RATE

See sharper, more electrifying action, with the most advanced panel refresh rates available today. 120Hz technology delivers crystal-clear images even during fast-motion scenes.

AQUOMOTION 240

AquoMotion 240, Sharp's backlight scanning technology, doubles the effective refresh rate to hit you with all the power that fast-moving sports and movies can deliver.

SMARTCENTRAL™

SMART

Sharp's intuitive SmartCentral[™] lets you quickly connect to your favorite content. Working through built-in Wi-Fi, you can instantly access apps, streaming movies, music, games, and websites. Dualcore processing means faster load times for apps and the web browser, so you spend less time waiting and more time enjoying. And with instant access to movies with Netflix®, to videos with YouTube[®], music with Pandora[®] and Rhapsody[®], social sites like Facebook and Twitter, and the best of gaming – what you love is only a click away. Web browsing on your Sharp television completes the incredible experience; big, beautiful, superfast, and built-in, you can now visit all your favorite sites in a window larger than life.

DUAL-CORE PROCESSOR

Dual-core processing means faster load times for apps and the web browser. So you spend less time waiting and more time enjoying.

MOST POPULAR APPS

The apps you love are now accessible through Sharp's SmartCentral[™]. From instant access to movies with Netflix, to videos with YouTube[®], music with Pandora[®] and Rhapsody[®], social sites like Facebook and Twitter, and the best of gaming – what you love is only a click away.

WEB BROWSER

Welcome to the world's most incredible web browser: your Sharp television. Big, beautiful, super-fast, and built-in, you can now visit all your favorite sites in a window larger than life.

SPLIT-SCREEN WEB + TV

Sharp's split-screen experience lets you surf the web while you watch TV, so you never have to choose between your favorite show and your favorite site. Technology that gives you the best of television and the best of the web – that's truly the best experience.

FLASH-ENABLED

Not all browsers are created equal. Sharp lets you see stunning Flash-created animations live from your browser so that you can focus on the content, not the compatibility.

BUILT-IN WI-FI

Every AQUOS Smart TV has built-in Wi-Fi technology* that allows you to connect without the hassle of finding a cable.

REMOTE CONTROL APP

Your remote's never out of reach with Sharp's app that lets you change the channel right from your iOS® or Android™ smartphone or tablet.

SHARP BEAM

Beam app turns your smartphone into a fully functional content sharer that's simple and fun to use. Flick photos, videos, movies, and more from your smartphone or tablet to your big screen.

NETFLIX SECOND SCREEN

With Netflix Second Screen, you can browse and select the movie or show you want to watch on your smartphone and play it on your TV – instantly. Now the only thing standing between you and your favorite movies and TV shows is deciding which to watch.

HDMI®

When it comes to HD connections for your gear, the more the better. HDMI® lets you connect sources like your Blu-ray Disc™ player, cable box, and game consoles with the most advanced digital connections available today.

MHL®

An MHL® connection turns a small-screen phone into a big-screen experience. MHL delivers HD uncompressed video with up to eight channels of digital audio. Since MHL also charges the mobile device, you can power up at the same time you're connected. You can also control MHL-enabled mobile devices using your existing TV remotes to easily access and select content.

COMPATIBILITY

Sharp AQUOS LED large screens are smarter smart TVs. They work seamlessly with virtually all your gear, from Blu-ray™ to cable boxes to gaming consoles. And with 4 HDMI® inputs, you can keep your options open.

REMOTE SOFTWARE UPDATES

Television at its smartest: your AQUOS LED TV automatically updates its software as improvements and optimizations are developed.

SLIM DESIGN

Fit more screen in less space. The brilliant AQUOS LED display is embraced by a striking new frame that's thinner around the screen and slimmer in depth, so it can fit just about anywhere.

WALLPAPER MODE

This innovative feature turns a blank screen into a work of art. When the TV is turned off, Wallpaper Mode lets you display virtually any image you choose on the AQUOS LED screen at a reduced light level that mirrors museum conditions, so your screen blends beautifully into your room's decor. All at extremely low power. You can even set on and off times.

20W AUDIO

Big sound to complete your big-screen experience. The powerful 20W audio features high fidelity with Clear Voice, so all of your scenes sound great.
